2011 – 2012 School Year

Dear Washington School Parents,

Welcome. We are Simply Gourmet, a catering company that specializes in providing lunch services to children. Our meals are nutritionally balanced, delicious and kid friendly. Nothing is fried and our products are nut-free. Lunches are delivered individually packaged with your child's name on it.

****Lunch service will begin on Monday, October 3, 2011****

The cost is \$3.65 per meal and includes an entrée and a side. Extra entrée portions, optional produce, beverages, and desserts may also be purchased. Our lunch service will be available on Mondays, Thursdays and Fridays for full meals, and on Tuesdays for pizza side orders only.

How it works: A variety of entrée selections are offered each month and you may choose to participate every day or any individual days during the school year. (In addition to the main menu items being offered, there are also many alternate meals available, including organic, gluten free and vegetarian options.) New orders, and/or changes to existing orders, must be placed at least three days in advance of the day you would like to receive services - this is referred to as our "72 hour lock out period". Please keep this in mind when placing your orders.

Order processing is automated via our website www.simplygourmetlunches.com. Existing customers, simply login, update your child's information and place your orders. New customers, click "sign up", create a profile and then follow the directions to place your orders. If you have any trouble navigating through our website, feel free to contact us and we will be happy to walk you through it. Please note that orders are not considered finalized until you have completed the payment process. Payments may be made online via credit card or e-check. Note: There is a \$1 handling fee per financial transaction. In the event of a snow day, a 50% credit will be automatically issued for orders placed on that day and applied to your account for future use. There are no credits issued for absent children but you are welcome to pick up your child's lunch at the school.

Our website offers information on nutritional values, allergy listings, and general updates. New menus are posted on the 15th of the month and the system generates email reminders if you are registered in our system.

We look forward to serving your children!
