

Please Help Us Help Our Kids!

Wyckoff Education Foundation, P.O. Box 24, Wyckoff, N.J. 07481

Family Partnership

Over the last decade, the Wyckoff Education Foundation (WEF) has sponsored events and spearheaded fundraising efforts that have raised over one million dollars. Every penny raised has been used to purchase tools for learning for each of the Wyckoff Schools.

Each year WEF holds several functions that help raise the monies we use to help purchase needed equipment, sponsor teacher recognition awards, educational supplies, activities and programs to enhance and motivate education excellence. Our latest Spring fundraiser resulted in 125 iPads in our schools in 2011.

On Saturday October 15th, 2011, WEF will be holding our annual WEF 5K Run & Family Walk and the support of parents and friends like you will be vital to making the event a great success. For \$200, WEF's *Family Partnership* gives individuals and families the ability to get involved and support a worthy cause in our community. You will help raise needed capital to fund the tools for learning many of our children use every day in school. Many of the tools, such as I-PADS/Books, multimedia carts, enhanced internet access and Smart Boards were funded by WEF through generous donations from our community families, friends and partners.

On Race Day, your name and the names of all *Family Partners* will be proudly displayed on a large banner at the race site, showing your friends and community, you support excellence in education. If you ever wanted to help out and make a difference, the time is now!

Simply fill out the bottom of this form and enclose your name and check for \$200 made out to "Wyckoff Education Foundation". Credit card payment is welcome.
